ORIENTAL COLLEGE OF TECHNOLOGY, BHOPAL

Accredited by National Board of Accreditation, New Delhi
Approved by AICTE, New Delhi & Govt. of M.P. Affiliated to Rajiv Gandhi Proudyogiki Vishwavidyalya, Bhopal
Address: Opposite Patel Nagar, Raisen Road, Bhopal 462021 (M.P.) INDIA

Perspective / Strategic Plan 2014-2020

Strategy-1

Campus placements and Training

The placement and training initiatives under this strategic plan includes overall development of the students is viewed as a prerequisite for employment, student-centric initiatives include training students on research or project work and matching the specialized knowledge of the Institute's graduates with job opportunities.

Specific Objectives and targets

- Proactively reach out to industry and academia for good placements.
- To groom all the students in all aspects to become industry ready.
- To promote personality development of all graduates for smooth assimilation in a professional workforce.
- To publicize the profiles of research scholars and postgraduate students.
- To maintain direct contact with specialists in industry and academia who drive hiring of B. Tech and M. Tech graduates.
- To have placements fine-tuned to meet the aspirations of the students and expectations of employers.
- To provide career counseling to students.

Example: Intensification of Campus Placements

In order to develop required skills set among all the students and to develop relationship with promising companies Training and Placement cell has been constituted. This cell provides all necessary support to improve students' capability for better prospects of campus placement.

Composition:

The T&P cell is led by the Head (T&P), other members of the cell include T&P coordinators of the various departments, aptitude trainers, and other discipline specialists. The cell operates as a cohesive bridge between the budding future engineers and the industry.

Director
Oriental College of Technology
Thakral Nagar, Raisen Road
Bhopal

Activities conducted by T&P cell:

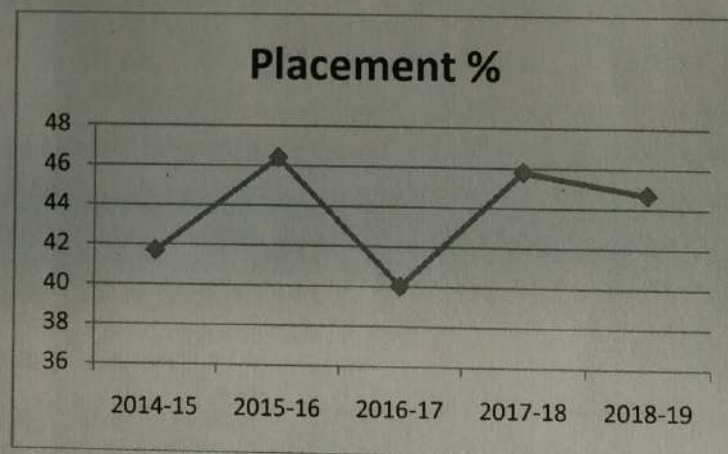

- Functions related with the successful conduct of placement drives.
- Training plan for all semesters and exposure for skills development among students.
- Inventory and students' database.
- Identification of crucial subjects and their experts.
- Performance monitoring and evaluation.
- Conduct of practice tests for upcoming campus drives.
- Rendering soft skills training to students.
- Relationships with HR executives of industry and technical expertise of companies.

Outcome:

- As a result of measures taken above, the institute has given outstanding placements records.
- In addition, contact interaction with the alumni working indifferent industries have shown a very encouraging fact that they are earning an excellent reputation in respective industries, thus paving a way for subsequent placements in time to come.
- Keeping in mind the challenges of the industry, institute has given students constant exposure to industry requirements and plan for industrial visits and interaction, apart from regular thrust on academics.

A record of the placement of our institute students is presented below showing the performance of the institute in this direction. It is however well recognized by the institute that a lot more journey has to be performed in this direction.

Year	Total Students	Placements	%
2014-15	536	224	41.7
2015-16	625	290	46.4
2016-17	657	263	40.0
2017-18	667	306	45.8
2018-19	670	300	44.7

Strategy-2

Industry Institute Interaction

Better interaction between Technical institutions and industry is the need of the hour. This will have great bearing on the Engineering Curriculum, exposure of industrial atmosphere to engineering students and subsequent placement of young graduating engineers in industries across the country.

Specific Objectives and targets

- To establish Industry-Institute Partnership interaction Cell.
- To encourage participation of faculty and the industries in organizing training, workshops, seminars, expert lectures and conferences.
- Professional consultancy by the faculty to industries.
- Industrial testing by faculty & technicians at site or in laboratory.
- Joint research programmes and field studies by faculty and people from industries.
- To organize visits of industry executives and practising engineers to the Institute for seeing research work and laboratories, discussions and delivering lectures on industrial practices, trends and experiences.
- MoU between the Institute and industries to bring the two sides emotionally and strategically closer.
- Human resource development programmes by the faculty for practising engineers.
- B.Tech. and M.Tech. projects/dissertation work in industries under joint guidance of the faculty and experts from industry.
- Short-term assignment to faculty members in industries.
- To induct visiting faculty/professors from industries.
- To setup R&D Laboratories sponsored by industries at the Institute.
- Practical training of students in industries.
- Internship/fellowships instituted by industries at the Institute for students.

Strategy-3

Excellence in Teaching and Learning

At Oriental College of Technology, Faculty are actively encouraged and expected to pursue excellence in teaching, and the college supports diverse paths to achieving this goal. We define excellence in teaching as the successful engagement of our students in learning, experimenting, and achieving their full potential. We seek to foster a bold and innovative spirit in faculty teaching, and in this academic vision, identify new ways to reach even higher standards of excellence in faculty teaching endeavors. We encourage our faculty members to reward creativity, risk-taking, and collaboration, and to foster teaching partnerships as optimal ways to encourage students' learning and pursuit of creative work and transformative ideas. We expect strong teaching from faculty, teaching that encompasses multiple approaches for student learning and engagement.

Our students learn in different ways, increasingly relying on and leveraging

[Signature]
Director
Oriental College of Technology
Patel Nagar, Raisen Road
Bhopal

technology. In order to attain academic excellence our focus is as follows:

- Establishment of Internal Quality Improvement Cell (IQAC).
- Adherence to University and Institute academic calendars.
- Innovations in teaching learning.
- Learning Resource (LR) development.
- Continuous evaluation of the effectiveness of faculty member and course content.
- Academic Monitoring System
- ERP software for planning and execution.

Strategy-4

Human Resources

OCT recognizes human resources as one of the crucial assets needed to attain excellence. Human resource management is a vital institutional function. Recruitment, training and development, performance evaluation are the important parts of the HR management function. The human capital of OCT consists of its students, faculty and staff. Institute always look forward to attract the best students in the central India every year. Faculty recruitment has been done systematically over the last five years, and the Institute has added good numbers its current faculty in this period. The Institute needs to continue to recruit faculty members at the same rate for the next five years. In order to improve the productivity of the faculty, staff and students.

Specific Objectives and targets

Faculty

- To become favored destination for potential faculty.
- To recruit faculty from all over the India.
- To encourage faculty members for an early, solid start to their research activities.
- To recruit around 30 top-class faculty members each year during 2019–2024.
- To provide Reward and Recognition for excellence in teaching.
- Quality and process improvement for improving the productivity of faculty.
- Continuous evaluation for effectiveness.
- Performance evaluation promotion scheme.
- To have transparent, credible, and fair assessment process.
- 60% of Ph.D. qualifies faculty by 2024.

Staff

- To have talented technical and administrative staff who are qualified and have capability to deal with the complexities administering an institution.
- Quality and process improvement for improving the productivity of staff.
- To develop a system in which motivated persons are recognized.
- Reward and recognition to excellent performance.

Students

- To attract best students each year during 2019–2024.

[Handwritten Signature]
27/11/2022
Director
Oriental College of Technology
Thakral Nagar, Raisen Road
- Bhopal

- To promote personality development for swift adaptation of new conditions.
- Student-centric initiatives include training students to match the specialised knowledge of the graduates with job opportunities.

Strategy-5

Grants, Aid, Funding and Patents

Winning funding for research and technology development is crucial for development and OCT focuses on research and technology development in institute so an R&D cell has been constituted, which has responsibility to apply for various grants and get fund from professional bodies. Emphasis is given to track and monitor various agencies like AICTE, TEQIP, or DST.

Specific Objectives and targets

- To apply for MODROBS grants for promoting continuing education programs for own students and for establishing Learning Resource Centres (LRC) for local industry and consultancies.
- To apply for Research Promotion Scheme (RPS) for innovation in established and newer technologies.
- To start an incubation centre under the Entrepreneurship Development Cell (EDC).
- To apply for other grants/Aid/funding from various professional bodies in India or abroad.
- Encourage registration of patents (2024 target: one patents per Dept).

Strategy-6

Outreach

Over the past two decades, OCT has been given services and expertise to surrounding villages, slum areas and near industry. OCT has been associated with many renowned organizations. An IIP Cell has been established in OCT which has responsibility to have linkage with surrounding industries and organizations. Another cell global outreach has been established to provide services to nearby villages. These outreach activities have taken the form of environmental assessment, water treatment, studying healthcare and education programmes, providing expertise in new renewable energy technologies, road and transportation engineering, to give some examples. OCT will enhance its role in this regard in the coming years and actively contribute its services and expertise to help improve governance and speed up development. Strategic Plan 2019-2024 identifies proactive outreach as an important aspect of attaining mission and vision of the institute and achieving the Institute's goals of excellence in teaching and research.

Specific Objectives and targets

- Renew the existing MoUs and signing more MoUs with renowned organization for mutual benefits.

Welcome industry/organization to set up research lab within campus premises like Royal Enfield Automobile research lab, Linux Research lab

27/1/2020
Director
Oriental College of Technology
Thakral Nagar, Raisen Road
-Bhopal

etc.

- Encourage students to take part in industry/real/live/on-site projects.
