To,

Authorities/ Colleagues/ Employees

I am pleased to convey that structural policies and guidelines have been developed and documented for their implementation covering various academic/ administrative activities of OIST which have an influence on the overall performance of the Institute. The policies and the guidelines have been developed in the form of a document and as a manual.

Faculty/ staff/ students of the Institutes are kindly instructed/ requested to follow the same in letter and spirit. They should ensure that all their programs and activities are in consonance with the guidelines, approved and authorized by the authorities of OIST.

Valued suggestions relating to various changes/ modifications to the documents/ manuals are most welcome and will be incorporated from time to time.

Chairman

Oriental Group of Institutions

Visionary efforts of Dr K L Thakral, an industrialist in the region, whose keen desire to provide quality professional education to the students and the learners community in general, in the main, resulted in the establishment of Oriental Group of Institutions firstly at Bhopal, at Jabalpur and Indore later. The Group offers professional programs related to Business Administration, Computer Applications, Engineering, and Pharmacy at Diploma, Graduate and Post Graduate Levels. All the programs of the Group are authorized/recognized by appropriate academic administrative bodies at State and National Levels. Oriental University, a self financed to be University is functioning at Indore.

Oriental Institute of Science & Technology, Bhopal

Oriental Group of Institutions at Bhopal and Jabalpur is managed by Chairman Shri Praveen Thakral, Son of Late Dr K L Thakral, under whose able leadership, the institutions of the Group at Bhopal and Jabalpur have reckoned themselves as “Cynosure” institutions for quality professional education in the State of Madhya Pradesh.

Oriental Institute of Science and Technology, on Raisen Road, Bhopal is the flagship institution of the Group. It offers engineering programs in Civil, Computer Science, Electronics & Communication, Electrical & Electronics, Information Technology and Mechanical disciplines alongwith emerging areas like AI/ML, Data Science , CSBS at graduate and post graduate levels. It is known for its State of Art infrastructural facilities, academic performances of its learner’s community and above all their demand in academic, professional and research environments.

Vision

The Institute aspires to become a “Centre of Excellence” with emphasis on quality teaching and research so as to deliver comprehensively trained, innovative engineers and enterprising, competent professionals, who are ethically responsible to serve the society.

Mission:

- To create an academic ambience which nurtures the students to attain domain knowledge, lifelong learning skills and ethical inputs to sustain in a highly competitive environment.
- To establish state of art infrastructure and facilities which will pave the way for dissemination of technical knowledge with passion and commitment.
- To impart industry relevant skill-based training and aid in overall development of students.
- To foster research and consultancy in collaboration with Institutes of National repute and industry, so that students can come up with innovative technology that caters to the needs of the society.

Quality Policy

Constantly and continuously improving the policies and procedures, matching and even exceeding the dynamic standards, governing the academic administration and delivery processes and systems, enabling the members of its learners community to receive the latest and state of art knowledge and skills, equipping them to compete with the best in diverse professional environments.

(i) Short leave has to be approved by the concerned Director.

(j) At no time, maximum number of faculty availing leave, should exceed 20% of the total strength of the branch.

6. Third Saturday of each month will be treated as paid holiday.

7. **Chain for Approving Leave by Competent Authority.**

REVISED INCENTIVE SCHEMES FOR RESEARCH AND CONSULTANCY

One of the most important criteria in ranking (NIRF, QS etc) and accreditation (NAAC, NBA) process is the research output of the faculty members of the University/ Institute. The National Institutional Ranking Framework (NIRF), approved by the MHRD outlines a methodology to rank institutions across the country. Research is one of the major parameters outlined in the framework covering publications (in particular their quality), patents (filed, published, granted and licensed), projects, professional practice and grants therefore it is very important to gradually implement a strong foundation for research, development and innovation in the Institution to address the requirements of the next decade.

In this context, there is need for concerted R&D effort to better position the Institution to meet these challenges. Faculty of the institution play a vital role in making this transition from a 'teaching only' Institution to a world-class Institution that fosters research and development inter-twined into teaching and learning. While faculty have to handle their regular requirements of teaching and learning, they are also increasingly being required to take up quality research and development work.

Quality research and development work requires time, concerted effort and a focussed environment therefore it is necessary to incentivise all such R&D efforts in order to enthuse and motivate faculty members to spend quality time in a concerted manner, as most often the time and effort spent in research extends way beyond the confines or the operating hours of the Institute

This document puts forth the policy of the Institution towards research and development activities.

OBJECTIVE OF THE SCHEME

The primary objective of the proposed incentive scheme is to motivate the faculty members of our Institute to undertake quality research, consultancy and other research related activities. This policy document describes various incentives to encourage and promote the culture of research and innovation amongst the faculty members and indirectly amongst students.

SCOPE OF THE SCHEME

OIST, Bhopal wishes to create an environment that fosters a culture of innovation and research leading to development of processes, tools, products or services and to establish OIST Bhopal as one of the pioneer research Institute.

This scheme covers all faculty members of all department of the Institute. The scope of the scheme envisages, in particular:

1. To motivate our faculty members to concentrate on research related activities, in addition to the teaching, so as to publish research articles in reputed refereed International and National journals with impact factor and to pursue efforts to write books, monographs for publication by International and National publishers of repute
2. To encourage our faculty members to submit proposals and secure funded research projects from various funding agencies in India and Abroad.
3. To undertake consultancy projects sponsored by Government & Private, Industrial and other organizations.
4. To enthuse faculty to pursue and complete their PhD thereby enhancing the total number of doctorates in the Institution
5. To motivate faculty and staff to continue learning further through live/online courses/skill training programs and thereby significantly enhance their capabilities and exposure in order to become a sought-after resource in the country
6. To encourage faculty members to participate in various Conferences, Seminars, Workshops, STTP and FDPs
7. To motivate faculty to actively guide scholars towards their M Tech/ PhD work
8. To motivate faculty to build strong Industry-Institute Partnership

9. To evince interest among the members of faculty so that they take efforts to establish collaborative research projects with their counterparts in reputed Institutions.
10. To encourage creativity in the minds of faculty members, so that they make original contributions by way of products, concepts etc. and obtain patents.
